- See how to **get Geothermal Energy at Ground Source HVAC**.
- Learn about the latest in energy-efficient home conservation technology and lighting.

Green Vehicle Expo and Trails/Bike Parking

See and touch the revolution in energy-efficient, low-emission vehicles in front of your eyes.

- **Solar Electric Competition Cars** – See Devon Prep and Methacton HS EVs Vehicle in the Zone! Don't miss out on seeing first-hand these state-of-the-art vehicles!
- **Tesla S** – Coolest vehicle on Earth. Car of the Year, all electric, range up to 300 mi.
- **Ford Electrics and Plug-In Hybrids** – Focus Electric, Fusion, C-Max Energi plug-in hybrids.
- **Zero Electric Motorcycle – Police Edition** – The quickest, coolest electric motorcycle built today (95 mph, 135 mile range) adds stealth and simplicity to motorcycle patrols.
- **Chevrolet Volt** – Electric when you can, 380 mile total range. 0 to 60 in 9 seconds.
- **Septa Hybrid Bus** – Kids can hop aboard this doubly energy efficient mass transit. Bikers can test out the front bike rack for multi-modal green transportation.

Free BICYCLE Valet Parking and Trails Info

- **Valet BICYCLE parking - Brookline Blvd and Beverly Rd**. Leave your car and parking worries behind! Secure and free bicycle “Valet Parking” by **Friends of Haverford Trails** volunteers. Contributions to the Friends mission of better bicycling and walking in Haverford are always appreciated, but not required for parking.
- Learn about safe biking, new trails and how to help make ‘em at the **Friends of Haverford Trails** booth.
