We Not Me Sports Club, 19 Eagle Road, Havertown, PA (045-HA-113a)

Barucco, Mattox, and Ramona met as a committee to discuss previously submitted plan for a “We Not Me” sign of a metal panel with applied acrylic letters.

Millett explained that the intention behind using a metal panel rather than attaching the letters directly to the brick was to minimize the number of holes drilled into the brick, reducing it from roughly 80 to 24.

Questions about the impact of the metal panel on the visibility of the back pattern led Millett to indicate that the letters for the sign could be attached directly to the brick.

Hoffman motioned to recommend approval of the plan using individual letters for the sign rather than the metal panel.

Assetto seconded.

All in favor

43 E. Turnbull Ave, Havertown, PA

Mallory explained the plan that a developer has for the property which would entail replacing the existing house with new homes.

The property is within 100 feet of 42 East Marthart Avenue, Havertown, PA (045-HA-

100) and 38 East Turnbull Avenue, Havertown, PA (045-HA-121).
Existing stone masonry and woodwork likely would not be replicated.

Planning Commission Update
DiTroli communicated to Barucco that the existing structure at 83 South Eagle Road would be retained and converted to office space by the new owners for their roofing company.

Zoning Ordinance Update
There was minimal public comment at the meeting for the Zoning Ordinance update.

Plaque Program Update
Burman had comments on the plaque program that Barucco needs to address.
Powell House (045-HA-058)
Barucco recently took pictures.

New Business
Heritage Festival will take place on June 7, 2026.
It could be a good public relations opportunity for HTHC.
Perhaps HTHC would not participate if there are not enough volunteers.

Meeting adjourned at 8:21 (Ramona motioned, Hoffman seconded, all in favor)
