Shop for Your Home

Lower your energy costs or find electric services that fit the needs of your home.

To better understand shopping terms and conditions, please click on our "Glossary" at the top of page and "Learn More About This Offer" under the supplier's name.

Price to Compare includes: charges for generation and transmission; the state's Gross Receipts and the utility's charges for implementation of the Alternative Energy Portfolio Standards (AEP Standards).

Electric distribution companies (EDCs) or electric generation suppliers (EGSs) are responsible for posted prices. Please consult the EDC and EGS for prices, including introductory prices, renewable energy add on options, cancellation policies and any other discounts that may be available to you. The prices listed are for NEW CUSTOMERS.

* Note: Some suppliers have a monthly fee, which is not included in the kWh cost. Edit the 'Monthly Usage' to get the best estimate.
** Note: Some suppliers have a monthly fee, which is included in the Estimated Per Month cost.
